

SCANLIFE

PDS-3620S

Features

- DSP technology
- AGC auto accumulating and self- adjusting technology
- Center frequency may be adjusted
- With light and volume alarming
- High stability and sensitivity, stable and reliable performance
- Fashionable, durable frame

Specification

Input Voltage	220V AC +/- 10% 50Hz/60Hz
Power	<=25W
Working Frequency	8.2MHz
Outline Dimension	1570X370X70mm
Net Weight	6kg/pc
Detection Range Each Side	1.4-1.6m(4x4 label) 1.6-1.8m (Ø5cm tag) 2.0x2.2m (Ø6cm tag)
Working Tag	RF hard tag, RF label
Alarm Way	acousto-optic alarm
Temperature	-15 - 60 Celsius degree
Humidity	>=95% RH
Output on interface	24V 100mA
Material	Aluminum alloy
Packing Detail	1set/ctn,170x44x20cm,16kg
